

PREFABRICATED REBAR CAGES

OUTSOURCE YOUR FABRICATION

CUSTOMER QUOTES:

"This is the first product I have brought into the shop that made the team smile."

"By using welded cages, we save 9 hours or more on our box culverts."

"We are producing more product with less work force."

- **IMPROVE CASH FLOW**
- **BETTER UNDERSTANDING OF JOB COSTS**
- **POUR MORE CONCRETE**
- **FABRICATE LESS STEEL**

JUST PLACE IN YOUR FORM AND POUR YOUR CONCRETE DELIVERED ACCORDING TO YOUR PRODUCTION SCHEDULE

Customers have benefitted from welded prefabricated cages on precast projects like manhole products, large tanks, box culverts, Jersey barriers, sound wall posts, etc. The reinforcing quality is consistent with tight tolerances of (+0, -1/2). This service meets engineering and most state DOT requirements.
